JF2 Academy

FOR SCHOOLS AND FAMILIES · NEXT GEN

The padel programme that **opens doors**: to competition, to university and for the whole family.

Next Gen is a unique proposal for schools in Alicante and Murcia: a padel school with values, competition teams trained with the JF2 Academy method, a pathway to universities in the United States and an offer for parents and siblings. At Padel Place (Pilar de la Horadada) and on Pinatar Arena Padel's covered courts (San Pedro del Pinatar), every afternoon of the school year.

For schools that want to offer their pupils an activity with real prospects, Next Gen is the padel programme that brings together values education, competition and an international university pathway. Unlike standard after-school sports, we combine JF2 Academy's four-pillar method, the horizon of padel's Olympic bid for Brisbane 2032, connections with US universities, a school already running at Padel Place and covered courts in Pinatar that guarantee every session.

WHAT SCHOOLS ARE LOOKING FOR TODAY

More than an **after-school club**.

01

ACTIVITIES WITH NO PROSPECTS

Most after-school sports stay at leisure level, with no path for those who want to go further.

02

STANDING OUT FROM OTHER SCHOOLS

Families compare educational projects and value unique proposals with an international dimension.

03

TEACHING VALUES AND HABITS

Effort, respect, teamwork and a healthy lifestyle, at a key stage of development.

04

INVOLVING FAMILIES

Parents want to be part of the experience, not just drop off and pick up.

THE SOLUTION

Three levels and **one family**.

Level 1

GRASSROOTS SCHOOL

Introduction to padel at school and at both venues, with values, habits and fun as the starting point.

Level 2

COMPETITION

Teams by age group trained across the four pillars, with a competition calendar and tracking on the JF2 platform.

Level 3

UNIVERSITY IN THE US

Player profile, video, academic and sports guidance and connection with universities through JF2's network in Los Angeles and Miami.

Families

FROM THE CHILDREN TO THE WHOLE FAMILY

Padel for parents and siblings at the same time as the children train, family weekends and talks for parents.

WHY IT'S UNIQUE

What no other programme *brings together*.

01

A YOUNG SPORT WITH AN OLYMPIC HORIZON

The International Padel Federation has made Olympic inclusion its goal, with Brisbane 2032 as its bid (IOC decision expected in 2027).

02

A REAL PATH TO THE US

JF2 Academy has hubs in Los Angeles and Miami and is developing proposals with universities in California and Florida. With good grades and English, padel can open up admission, scholarship and financial aid opportunities.

03

TWO VENUES, TWO PROVINCES

Padel Place brings a school already up and running and a family atmosphere; Pinatar Arena Padel, a high-performance setting where international teams train.

04

TRAINING ALWAYS HAPPENS

Covered courts in Pinatar: school-year sessions are never cancelled for rain or heat.

05

EXCELLENT PEOPLE BEFORE EXCELLENT ATHLETES

Values, habits and personal development with JF2 Academy's high-performance method adapted to every age.

WHAT THE SCHOOL GAINS

A project that *adds value*.

- A distinctive sports programme with international prospects.
- Education in values, effort and healthy habits.
- A clear pathway for the most talented and ambitious pupils.
- A real opportunity to study in the US for those who want it.
- Greater involvement of families, of every age.
- Visibility through an annual tournament for schools in Alicante and Murcia.

FORMATS

Adapted to *your school*.

After-school at school	Introduction to padel during school hours.
School at the venues	Groups by age at Padel Place or Pinatar Arena Padel, in the afternoons during term.
Competition teams	For pupils who want to compete, with their own calendar.
University pathway	Guidance and support towards US universities.
Families	Padel for parents and siblings; parent-child tournaments.

HOW WE START

Three steps for *your school*.

01

PRESENTATION

A meeting with the school's leadership to present the programme and listen to its priorities.

02

TRIAL DAY

An open session for pupils and families at the venue closest to the school.

03

ONE-TERM PILOT

Grassroots school and family offer for one term, with a final evaluation.

LET'S BRING NEXT GEN TO YOUR SCHOOL.
